

Helzberg Diamonds Pre-Owned Luxury Handbag Authentication & Assurance

About Our Pre-Owned Collection

Helzberg Diamonds offers a curated selection of pre-owned luxury designer handbags sourced through trusted partners. Each item is selected to meet our quality and style standards, giving customers access to sought-after pieces from iconic brands.

Authentication Process

Helzberg Diamonds partners with LePrix to source pre-owned handbags. LePrix works with a network of independent third-party authentication authorities who evaluate each item using a multi-point inspection process. This includes review of materials, construction, hardware, branding, and overall condition to verify authenticity and alignment with product details.

Independent Verification

Authentication is conducted independently by LePrix and its network of authentication partners, including established third-party authentication providers. Helzberg Diamonds does not perform authentication. Brand manufacturers are not involved in the authentication of pre-owned items and no affiliation, endorsement, or sponsorship is implied.

Certificate of Authenticity

Each pre-owned handbag includes access to a digital Certificate of Authenticity provided by a third-party authentication partner. Customers can access this certificate via a QR code located on the item's hangtag.

Customer Support

For questions regarding a purchase, customers should contact Helzberg Diamonds Customer Care at [1-800-435-9237](tel:1-800-435-9237). Helzberg will coordinate directly with LePrix to review and address any concerns.

Trademark Notice

All trademarks, brand names, and logos are the property of their respective owners. No brand owner endorses or sponsors Helzberg Diamonds or LePrix, and no affiliation is implied.
